Dear new members of the Appalachian Repeater Association,  
Welcome to the ARA! We are thrilled to have you join our organization and become a part of our mission to provide quality ham radio repeaters and service to the areas we cover.  
As members of the ARA, you will have access to a network of repeaters that will enhance your ham radio experience and help you make connections with other ham radio operators in the region. Additionally, you will have the opportunity to participate in ARA events and activities, and to contribute to the growth and development of our organization.  
Yearly Membership Dues are \$20. We offer a discounted family membership fee of \$10 for each additional member in the same household (include name, email and call sign if any). This goes directly towards supporting the maintenance and operation of our repeaters.  
For more information about the ARA and the benefits of membership, please visit our website at <http://www.ararepeaters.com>. We look forward to working with you and sharing our love of ham radio.

Sincerely, Chris KC8AFH
